

Mayor

DAVID MILLER

A Message from the Mayor

It gives me great pleasure to extend congratulations and warm wishes to Bridgepoint Health on the occasion of its 150th anniversary.

Bridgepoint Health care facility provides specialized care to people living with Complex Chronic Disease (CCD) through innovations in patient care, research and teaching. An award winning centre of excellence recognized by the World Health Organization, Bridgepoint Health is Canada's largest and only health care organization dedicated exclusively to the treatment and prevention of CCD.

Bridgepoint Health has been a pioneer in understanding, treating and managing complex chronic disease, a leading health care challenge of the 21st century. Their new state-of-the-art facility, opening in 2013, will set a new benchmark for the promotion of wellness and recovery for individuals with complex chronic disease and disability and will continue to foster the next generation of health care professionals.

This milestone anniversary is a wonderful occasion to reflect with family and friends on the accomplishments of Bridgepoint Health as you look forward to a future of new and exciting possibilities.

On behalf of Toronto City Council, I congratulate everyone celebrating this milestone anniversary. Please accept my best wishes for a memorable celebration and continued success.

Yours truly,

A handwritten signature in black ink that reads "David Miller". The signature is written in a cursive, flowing style.

Mayor David Miller
