

PRIME MINISTER . PREMIER MINISTRE

It is with great pleasure that I extend my warmest greetings to all those marking the 150th anniversary of Bridgepoint Health.

What began in 1860 as Toronto's first shelter for the helpless and homeless has led to what is now known as Bridgepoint Health, a healthcare network dedicated to providing patients with a wide array of innovative and compassionate health care services and programs aimed at understanding and managing complex chronic disease.

The coming years will no doubt continue to see many changes for this organization, including the opening of Bridgepoint Hospital's new 'Campus of Wellness.' I have no doubt that this medical centre will enhance the high level of treatment and care already being delivered by the Bridgepoint team.

I would like to commend everyone associated with Bridgepoint Health for their contributions to building and supporting a strong and vital health care community that combines excellence in medicine with leading education and research initiatives, as well as a dedicated team of health care professionals and volunteers. You may take great pride in knowing that you are making a difference in the health and well-being of your fellow citizens.

Please accept my best wishes for a memorable anniversary celebration, and for every success in the years to come.

The Rt. Hon. Stephen Harper, P.C., M.P.

OTTAWA
