Community Update

MARCH, 2014

www.bridgepointlivebetter.ca

The Bridgepoint Campus

Our “campus of wellness” is designed to inspire health and innovation, support healing, and act as a welcoming, accessible focal point for patients, staff and the community.

The Hospital

The 10-storey, 600,000 square foot state-of-the-art facility has 404 patient beds in rooms designed to accommodate the latest equipment, provide natural light, and is organized to facilitate the best patient care.

The Administration Building

The 84,000-square-foot structure is now renamed the Bridgepoint Administration Building and provides office space for hospital administrators, educators and clinical leaders.

The Grounds

Our campus, once complete, will be filled with garden spaces where patients and community members can enjoy the therapeutic benefits of the outdoors. Visitors can circulate through Bridgepoint’s gardens and landscaped walkways, enter the hospital’s historic administration building and connect to Riverdale Park from several entry points.

Bridgepoint Active Healthcare Campus

New Retailers and Parking for Riverdale

Our new hospital building offers a number of amenities available to the community

- **Shoppers Drug Mart:** Open Monday to Wednesday, 9 a.m.-7 p.m.; Thursday to Saturday, 9 a.m.-3 p.m.
- **Tim Hortons:** Open weekdays from 6:45 a.m. - 8 p.m.; weekends and holidays, 8 a.m.-8 p.m.
- **Ontario Nutrition:** Selling a selection of low-carb, low-fat and low-sodium foods. Open Monday to Wednesday, 8:30 a.m. - 6 p.m., Thursday, 8:30 p.m. - 4:30 p.m.; Friday and Saturday, 8:30 a.m. to 1 p.m. and holidays, 8 a.m.-8 p.m.
- Free 30 minute underground parking

The Rotunda in the Administration Building

Experience a piece of history

The Historic Don Jail has a rich history that has been carefully restored as the Administration Building of our new campus. The site is open to the public from Monday-Friday, 9 a.m. - 5 p.m. for free, self-guided tours. We will once again participate in the annual Doors Open event in May. Last year, over 2000 visitors came to learn about the building’s history.

Bringing Active Healthcare into the Community

The last major milestone in the transformation of the Bridgepoint Active Healthcare campus is underway.

What's Happening?

The work to deconstruct the historic half-round hospital is now complete. We appreciate your support during the final period of demolition.

The easier work has now begun to take down the former Toronto Jail (red brick building adjacent to Broadview Avenue).

Over the coming weeks, you will see the building coming down in small pieces and debris being taken away. This work is expected to be completed by June. Periodically you will see construction vehicles on Broadview and Jack Layton, however they will not enter the community nor queue on Broadview.

PCL is monitoring vibrations daily to ensure compliance with city by-laws. Measures will be taken to control dust during demolition, however freezing temperatures combined with dry conditions will limit these measures occasionally. Once the warm weather begins, PCL will once again be able to consistently apply water and other measures to control the dust.

A New Landscape

This summer, you will begin to see the landscape of the Bridgepoint campus come to life.

The new central plaza will be constructed that includes Bridgepoint Drive, landscaping including flowers, plants and seating areas and the main entrance to the hospital will be completed.

This will also enable a seamless connection through the campus to the Riverdale Park.
